

Kiddie-Kopia PreSchool-September 2011

Welcome Miss Talia

Please help us welcome our new teacher, Miss Talia. Talia is from Woodstock, Vermont. She attended Castleton State College where she studied Spanish and Literature. She lived in Madrid, Spain studying Spanish and El Salvador to help out a small school. She loves to travel and loves living in Colorado. She enjoys working with children for their honesty, imaginations, and creativity. Miss Talia will be working on Thursday and Friday mornings and when needed. Please help us welcome her into our Kiddie-Kopia Family!

MILLER FARM FIELD TRIP!

Friday, September 9th will be our first KK field trip! We're heading to Miller Farm! This field trip is one of our favorites...you won't want to miss it! We will car pool from KK. Please arrive to KK by 9:30 a.m. If Friday is your regular scheduled day arrival at 8:30 as usual. We need lots of drivers to be sure to sign up in Miss Jeanne's classroom. This field trip is usually a full day trip. We usually return to KK by 2:00. Miller Farm is a real working farm and our field trip will involve a real hay ride out into the fields to pick all types of vegetables. Everyone will be provided bags and Miller Farm will allow everyone to take home as much as they can fill in their bags! Once we're out on the hay ride...we're out and there is no way to get off the hay ride...so be prepared. Bring:

1. Disposable lunch
2. Plenty of water
3. Sunscreen
4. Wear long pants...sometimes the fields and the hay ride can get itchy and prickly.
5. **Kiddie-Kopia will pay for all children and adults attending.**
6. **The tractor drivers do this all on their own time so we usually try to gather up a "tip" for the driver. This is totally volunteer, but if you would like to contribute bring a few dollars to add to the "tip" jar for the driver! Thank you!**

Get ready to have a great time!!!

September is Assessment Month

This month we'll be making informal assessments for your student. Basic skills such as numbers, colors, shapes, social skills, large and small gross motor skills will be assessed. These assessments are strictly for us to know where your students skill level stands. Official report cards will be given during the month of October.

Did you know you can pay your tuition right on your computer? Check out our webpage www.kiddiekopia.com and click on "pay your tuition."
