

TRI-FOR OUR OWN

The Haugen Children's Fund

This year, one of our own KK alumni lost their only surviving parent while on vacation in the Dominican Republic. The Haugen Family attended Kiddie-Kopia 1996-1998. Both Andie (now 18 years old) and Alex (now 14 years old) were students and we can remember when little Casey, (now 11 years old) was born. The family was very close to Kiddie-Kopia and stayed in touch even after they moved to Michigan. Dad, Mike passed away in 2009 after an accidental fall in the family hot tub. It was a devastating loss and we all were very worried about the entire family. Mom, Julie, had lost her high school sweetheart and struggled to recover from her anguish. She contracted an illness in the Dominican Republic and passed away in a hospital in the DR. These three wonderful children are left without their mother and father...and KK just had to do something. A children's fund has been established in Michigan and we're raising money for it!!! Please help me raise \$3,000.00 by September 25th when I'll participate in my first Triathlon I've dubbed:

ORIENTATION MEETING

I'm having a difficult time scheduling our annual Orientation Meeting so everyone can attend. This meeting usually goes over our policy, procedures, and answers any questions you may have regarding Kiddie-Kopia PreSchool. So....please read your 2011/2012 Parent manual and let me know if you have any questions. If you have not downloaded your copy of the Parent Manual, please let me know and I'll resend it to your email address on file.

PreSchool Directory

Is ready....if you do not want your address or phone number published in the directory, please let me know...if I do not hear from you I will assume it's ok and directory will be published the week of Sept. 12th!
